SUMMARY

Marketing, Operations, and UX/Design Specialist with 2+ years coordinating cross-functional teams and delivering user-centered brand, marketing, and digital experiences across digital agency and manufacturing environments. Combine hands-on UX/UI design in Figma and Adobe Creative Suite with workflow automation, AI-assisted reporting, and project coordination to deliver intuitive products on time and elevate brand presence. Skilled in HubSpot, Asana, Zapier, user research, prototyping, and AI tools including Claude and ChatGPT.

EXPERIENCE

Marketing Operations & Design Specialist

Jan 2026 – Present

NetTracePro · Houston, TX · Part-Time

- Built and documented an automated client delivery workflow in Asana and HubSpot to ensure on-time delivery and reduce average project cycle time across active client engagements.
- Designed brand identity systems and UX-aligned visual standards including logos, color palettes, and typography in Figma and Adobe Illustrator, ensuring cohesive brand experiences across client deliverables.
- Produced print and digital collateral including brochures, one-pagers, social media graphics, and web banners using Adobe InDesign, Photoshop, and Illustrator, applying user-centered design principles for clarity and engagement.
- Designed and prototyped user flows, UI mockups, and responsive landing pages in Figma, translating client requirements and user needs into conversion-focused interfaces.
- Engineered repeatable prompt templates in Claude and ChatGPT to accelerate content production, translating business and brand requirements into consistent, reusable outputs.

Marketing & Operations Specialist

May 2025 – Dec 2025

Nan Ya Plastics Corporation America · Houston, TX · Full-Time

- Led UX/design and brand execution across three sub-brands — Neuma Home, MP Doors, and MySmartFit Chair — producing user-centered marketing collateral, product visuals, and brand-aligned digital experiences in Figma and Adobe Creative Suite.
- Refreshed and enhanced website UX, visual design, and social media presence across all three sub-brands, designing user-friendly graphics, banners, and post templates that strengthened brand recognition and audience engagement.
- Designed print and digital marketing materials including brochures, product sheets, trade-show collateral, and email graphics, applying consistent UX principles and brand systems across every deliverable.
- Reduced manual document processing time across 3 concurrent project phases by applying Claude to extract, validate, and organize data from unstructured contracts and reports (NDA-protected).
- Improved leadership report accuracy and reduced weekly prep time by building AI-assisted Excel reporting workflows for data extraction, cleaning, and structuring.
- Achieved zero missed compliance deadlines by maintaining audit-ready Asana documentation and risk-tracking dashboards across all project phases.

Marketing & Project Coordinator

Oct 2023 – Aug 2024

DigiComm Solutions Inc. · Houston, TX · Part-Time

- Delivered SimpleTouch POS, a retail point-of-sale application, on time and within budget by gathering user requirements, coordinating a UX/UI design team in Figma, and managing sprint timelines and stakeholder approvals.
- Translated customer needs and user pain points into UX direction, aligning UI deliverables with business goals and end-user workflows throughout the product lifecycle.
- Conducted usability testing sessions with end users and translated feedback into actionable UX improvements, reducing friction and improving task completion across core workflows.
- Produced user flows, wireframes, high-fidelity mockups, and interactive prototypes in Figma, presenting UX rationale to stakeholders to drive alignment and design approvals.

- Maintained UX and brand consistency across the application by establishing reusable component libraries, color systems, and typography standards in Figma.
- Prevented scope overruns by maintaining structured documentation, monitoring budget, and proactively flagging risks using Office 365.

SELECTED BRAND WORK

NetTracePro Client Portfolio — *Digital Agency Engagements (2026)*

Delivered logo design, brand identity systems, brochures, social media graphics, and UI/landing-page mockups across multiple client engagements. Combined design execution with structured delivery workflows in Asana and HubSpot.

Neuma Home — *Sub-brand of Nan Ya Plastics Corporation America (2025)*

Produced marketing collateral, product visuals, and social media graphics supporting the home-products line. Refreshed website visuals and developed brand-aligned assets that strengthened recognition across digital channels.

MP Doors — *Sub-brand of Nan Ya Plastics Corporation America (2025)*

Designed product sheets, trade-show collateral, and email marketing graphics in Adobe Creative Suite. Maintained consistent brand systems across print and digital deliverables for the door-products division.

MySmartFit Chair — *Sub-brand of Nan Ya Plastics Corporation America (2025)*

Enhanced website visuals and social media presence for the smart-furniture product line. Designed banners, post templates, and product imagery that improved visual consistency and audience engagement.

SimpleTouch POS — *Retail Point-of-Sale Application, DigiComm Solutions Inc. (2023–2024)*

Coordinated UX/UI design for a retail point-of-sale application, translating customer requirements into Figma wireframes and high-fidelity mockups. Aligned design deliverables with business goals across full product lifecycle.
